

AZURE STORAGE

1.Azure website

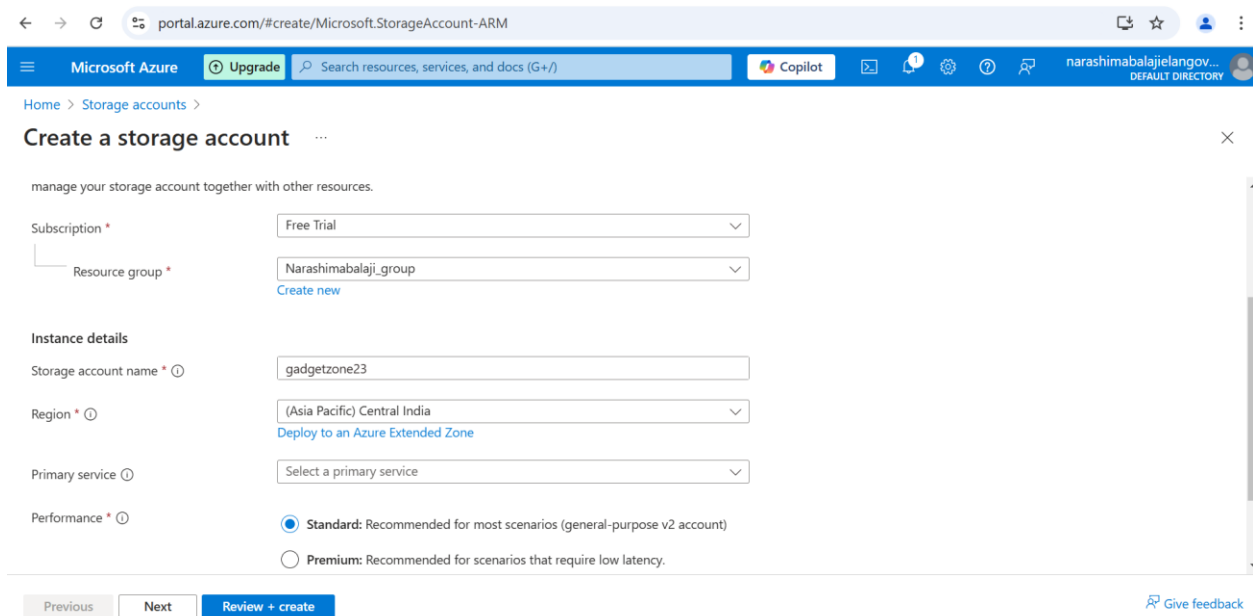

Sign in to the Azure Free Trial Page.

2.Storage Account

Click on dropdown option in the lefthand side and select the Storage account.

3.Create Storage Account

Click create and enter the Storage account name in the Instance details

The screenshot shows the 'Create a storage account' page in the Azure portal. The page is titled 'Create a storage account' and includes a breadcrumb trail 'Home > Storage accounts >'. The main heading is 'Create a storage account'. Below the heading, there is a sub-heading 'manage your storage account together with other resources.' The form is divided into several sections: 'Subscription' with a dropdown menu set to 'Free Trial'; 'Resource group' with a dropdown menu set to 'Narashimabalaji_group' and a 'Create new' link; 'Instance details' which includes 'Storage account name' (gadgetzone23), 'Region' ((Asia Pacific) Central India with a 'Deploy to an Azure Extended Zone' link), 'Primary service' (Select a primary service), and 'Performance' (Standard: Recommended for most scenarios (general-purpose v2 account) selected, and Premium: Recommended for scenarios that require low latency.). At the bottom, there are navigation buttons: 'Previous', 'Next', and 'Review + create'. A 'Give feedback' link is also present in the bottom right corner.

4.Review + Create

Click on next button in the bottom and the tab routes to Review + Create tab and check the details and click the Create button.

The screenshot shows the 'Create a storage account' page in the Microsoft Azure portal. The 'Review + create' tab is selected, displaying a summary of the configuration. The 'Basics' section includes: Subscription (Free Trial), Resource group (Narashimabalaji_group), Location (Central India), Storage account name (gadgetzone23), Primary service (Standard), Performance (Standard), and Replication (Read-access geo-redundant storage (RA-GRS)). The 'Advanced' section shows 'Enable hierarchical namespace' as Disabled. At the bottom, there are 'Previous', 'Next', and 'Create' buttons. A 'Give feedback' link is also present.

Section	Property	Value
Basics	Subscription	Free Trial
	Resource group	Narashimabalaji_group
	Location	Central India
	Storage account name	gadgetzone23
	Primary service	Standard
	Performance	Standard
	Replication	Read-access geo-redundant storage (RA-GRS)
Advanced	Enable hierarchical namespace	Disabled

5.Account Created

After that the Deployment progressed and the storage account will be created and shown in the page with the provided name.

The screenshot shows the 'gadgetzone23_1732598261110 | Overview' page in the Microsoft Azure portal. The page displays the deployment status as 'Deployment is in progress'. The deployment details include: Deployment name (gadgetzone23_17325982...), Subscription (Free Trial), Resource group (Narashimabalaji_group), Start time (11/26/2024, 10:48:19 AM), and Correlation ID (328a8327-e32d-42f3-ad6b-d0afe900e903). A table lists the deployment details, showing the resource 'gadgetzone23' of type 'Microsoft.Storage/stor...' with a status of 'Accepted'. The page also includes a 'Give feedback' link and a 'Tell us about your experience with deployment' link. On the right side, there are links for 'Microsoft Defender for Cloud', 'Free Microsoft tutorials', and 'Work with an expert'.
